## Activities

### Seminar Program

- Cambodia, Laos, Myanmar: Livestock and Fishery Industry overview. Myanmar Investment Opportunity: Business matching with Myanmar Fishery Association
- The new Fra Molecules to beat Pathogens
- The Meaning of L-Tryptophan in Pigs
- A practical look at Biosecurity
- Application of new technology for HF cattle in Vietnam
- Recent progresses in aquaculture nutrition
- Enzymes for Immunomodulation to do prevention against Viral exposure
- Using AMERVAC vaccine for PRRS prevention in Vietnam
- Processing livestock waste and retrieving biogas generator in CDM form
- Reflections on Food Safety & Testing
- Production, sales and management of animal feed industry in Vietnam
- Nutritionist in optimizing livestock economic efficiency and reducing environmental pollution

### PRRS and PED Program

- Report of Porcine Reproductive and Respiratory Syndrome (PRRS) on swine in the Southern of Vietnam
- The latest updates on PRRS disease and treatment measure
- Key Success of Vaccination Program to Control PRRS Situation in Vietnam and Thailand
- Report of acute diarrhea on swine in the Southern of Vietnam (PED)
- Clostat - Bio - antibiotic New generation for diarrhea prevention and treatment (PED)
- Management Diarrhea in pig farm (PED)

### Food Technology Issues (Foodtex session)

- Japanese SAKE (traditional liquor) processed
- Japanese Tuna processed food

### Meet & Match activities

- A business platform to meet the key players within the Industry
- The Exhibitor would complete Meet & Match form including kind of buyers, convenience time, the purpose of meeting
- The team would match with the related buyers which in ILDEX database system
- Discuss the business in comfortable ambience
